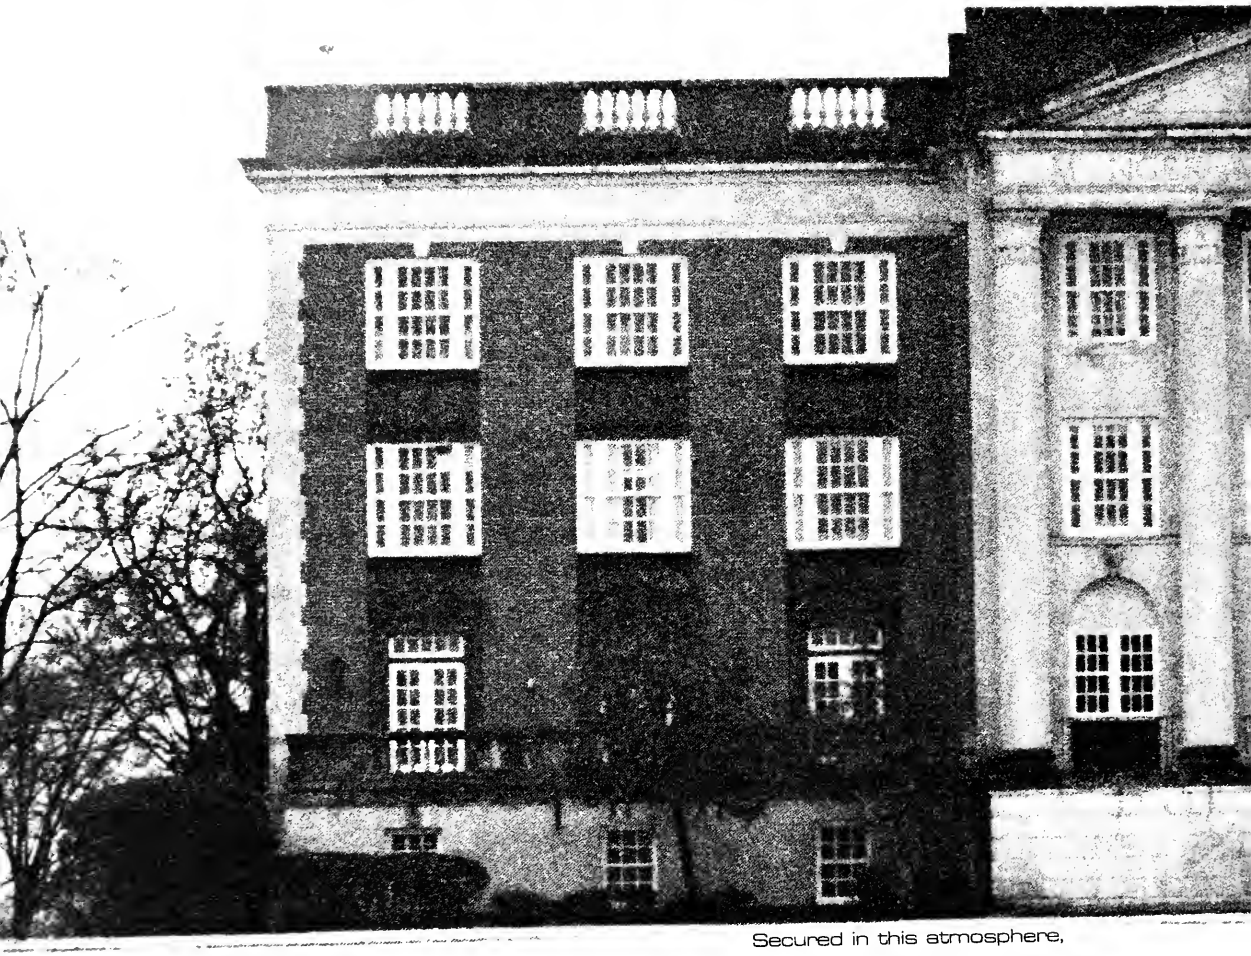
better describes t
phere of Birmingham-Southe
College. The environment in which we spend our college lives, the different personalities that surround us here, the events that we make or watch happen, combine with the Southern traditional atmosphere to become a part of us.

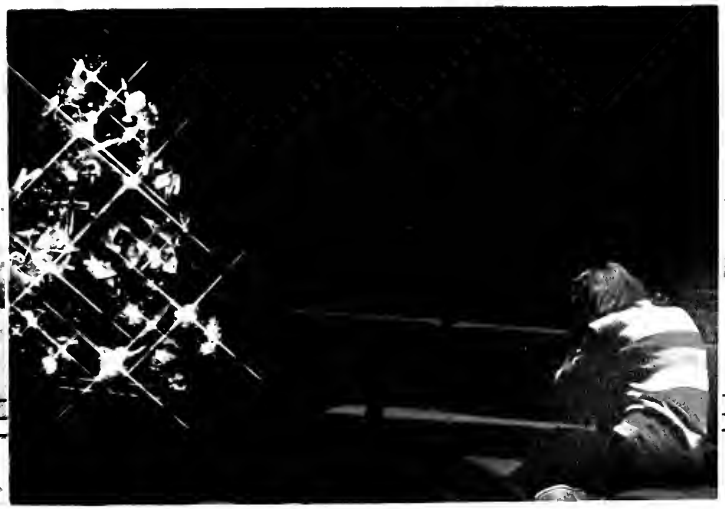
KA

spirit of BSC is
[illegible] classrooms
[illegible] playing fields, that spirit
is just as intense and persistent
at a party at the Old Pike
House. Being with friends and
having good times are just
doing what comes natural to an
energetic, fun-loving group of
BSC students. We study hard.
We work hard. And BSC stu-
dents know how to play just as
hard.

B C



Secured in this atmosphere, it is very easy for students to become sheltered from happenings off the B-SC campus; thus, many world events go by B-SC students each year completely unnoticed. We study, we work and we play with such regularity that after awhile we aren't even aware of what's going on. So sometimes it takes something dramatic, like the April snows, to open our eyes to the world outside these campus walls.



# HAPPENINGS

# OPENING PICNIC

The opening picnic was held during orientation to welcome students. The B-SC Jazz Band played, and the cafeteria provided food at the ampitheater.

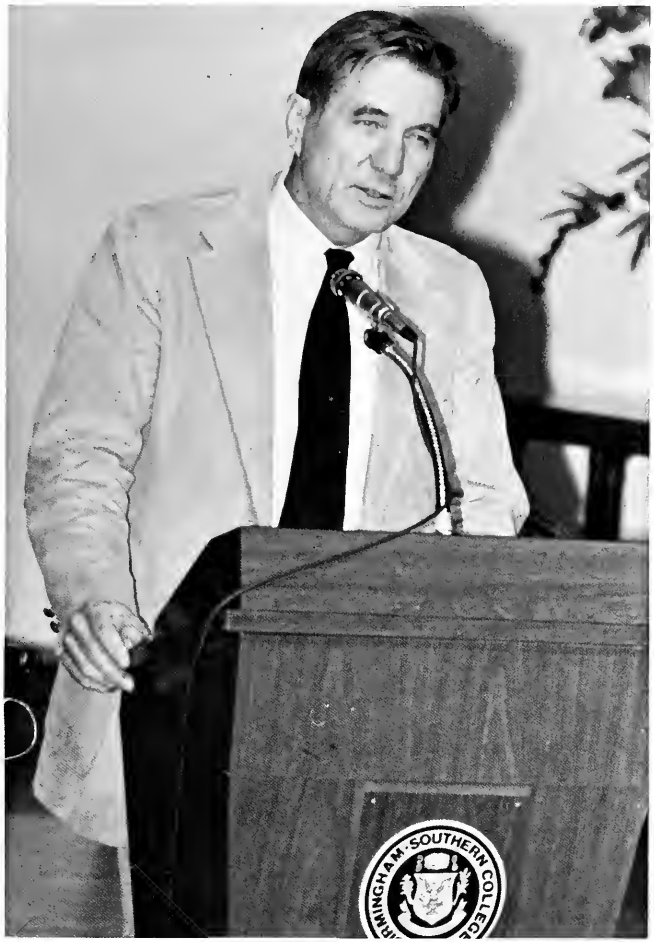
# 'SOUTHERN AT OLD TOWN

Students at 'Southern got off of campus for a night of fun at Old Town Music Hall. The band was Reds. They played a variety of music, which everyone seemed to enjoy.

# ATSI HALLOWEEN PARTY

This years' Miss B-SC contest was a night of glitter, glamour, and talented performers. Lee Peters was crowned Miss B-SC. First runner up went to Cynthia Lamar, second runner up was Patti Wileman, third runner up was Karen Hall, and fourth runner up was Cindy Hartsell.

# JUMPROPE FOR HEARTS

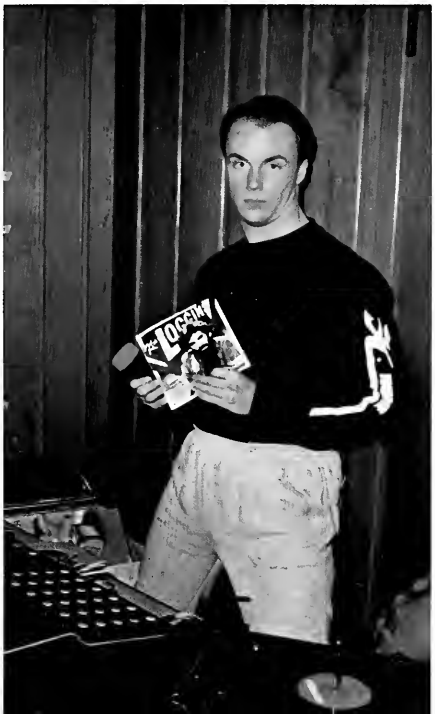


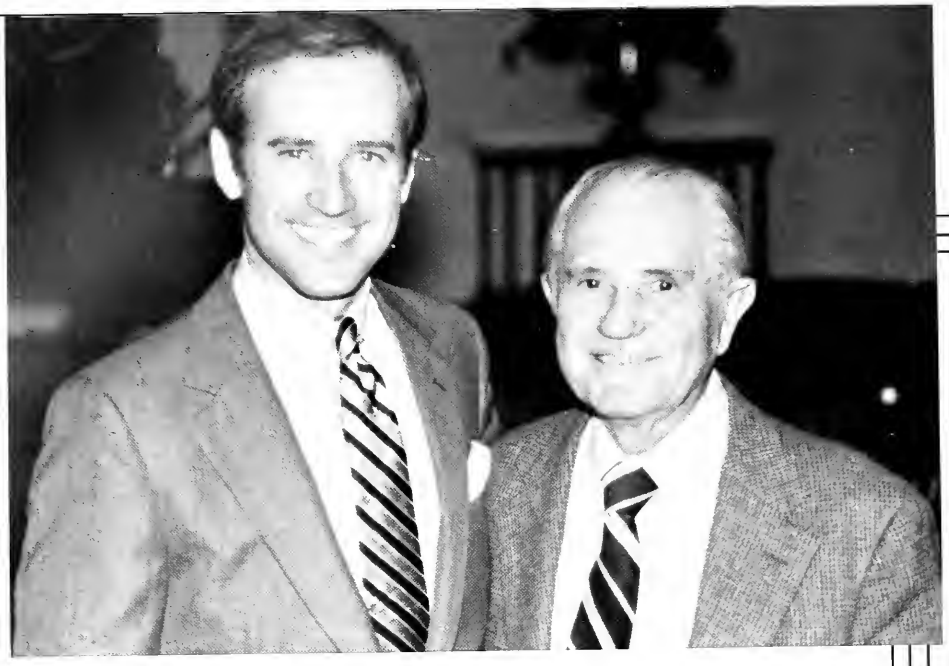
Robert Massie (right), author of **Nicholas and Alexandra,** delivered the opening address of the 1982 Writers' Conference on October 22-23. The theme for this year's conference was "Writing as a Reflection of Today's Culture." Other keynote speakers were historian Henry Steele Commager, poet Galway Kinnell (left), and author William Price Fox. More than 400 people attended the various lectures and seminars of the two-day conference.

# B-SC DANCE DEPARTMENT

The outstanding Dance Department here at B-SC has been performing throughout the year locally, and in other Alabama cities. Two of the dancers won Obelisk Awards this year for excellence in dance, while Mira Popovich — head of the Dance Department won an Obelisk Award for choregraphy.

# PARTIES





Model Senate participants, above, were Delaware Senator Joe Biden and Dr. Floyd Riddick, Parliamentarian Emeritus of the U.S. Senate. Below, Dr. Riddick is pictured with Dr. Natalie Davis, Coordinator of Model Senate, and South Carolina Senator Fritz Hollins.

# POLITICS

Emory Folmar, a candidate in the Alabama gubernatorial race, spoke at B-SC during his campaign. Folmar, although he lost the race, was the strongest challenger that the other candidate, George Wallace, has ever faced in the governor's race. Folmar's visit was sponsored by the College Young Republicans.

Former White House Chief of Staff, Hamilton Jordan, spoke at 'Southern on November 16, 1982, as part of the Quest II lecture series. Jordan, once described by the Washington Post as "the second most powerful man in this country," talked about the lessons of the Carter years and assessed the administration's successes and failures. When asked about his predictions for the United States, Jordan answered that he was fearful of the future of our country because we know so little about the world around us.

# HOMECOMING '83

The theme of this year's Homecoming was Mardis Gras, and it was a huge success. A parade was added this year to the activities, and although it lasted only a few minutes, everyone enjoyed it. The Homecoming game had the biggest turnout of the season, where the Panthers played UAH and won 79-70. Luanne Goodall was crown Homecoming Queen, Elaine Besh was Junior Representative, Margaret Rubio was Sophomore Representative, and Maria Alderkreitz was Freshman Representative.

# NURSES' CAPPING CEREMONY

A new department, which has been forming over the years is the Nursing Department. This year was the first year for this new program, which is working in conjunction with Brookwood Medical Center. It has already attracted many new students to B-SC. The rigorous schedule keeps these students busy, and other students are still trying to get used to students wearing white uniforms around B-SC.

# THE SOUTHERN EVENT

The Southern Event, "A night of Spectacular Entertainment" was everything it had been built up to be. Russell Levenson and Margaret Ann Rennekker, the current directors of Phase III, realized that there was alot of talent at B-SC that was going unnoticed. Many students did not get the performing exposure they needed. They therefore decided that a night of talent by B-SC students would benefit these students. Singing, dancing, comedy, and acting events entertained the audience.

# SADIE HAWKINS DAY 1983

Sadie Hawkins came back to B-SC this year. ATSI revived the Sadie Hawkins Day, which used to be an annual event on the Hill-top. There was a carnival with booths sponsored by different groups on campus, a country fair picnic, along with the event of the day, the Sadie Hawkins Chase. Other activities included a greased pig catch, a "Best Legs Contest," and Hot-air Balloon Rides.

# BLACK HISTORY MONTH

The Black Student Union sponsored Black History Month in February. Dr. Charles Owen spoke on Black Stress. The major event was a program called The Darker Side of Entertainment: Blacks in the Arts. Various areas of entertainment, such as Blacks in Film and African Origins were illustrated by songs and spoken commentary. Pictured below are the officers of the B-SC Black Student Union: Kelvin Ramsey — Chaplain, Tracy Williams — Asst. Secretary, Maxine Ford — Vice President, Duane Parker — Parlimentarian, Victor Powell — Treasurer, Tunja Greene — Asst. Treasurer, and Harold Owens — President.

# SHOOT YOURSELF

If you've ever complained of never getting a picture of yourself in the yearbook, you had no excuse this time . . . The "Southern Accent" yearbook staff decided to try an experiment this year, with a new section. You could sign up and "Shoot Yourself" for free, get in the yearbook, and get the photo back to keep! We had fun doing it, but never dreamed it would include getting a phone call at 6:30 one morning to "Shoot" a group in the fountain! It was such a success, we'll probably do it again next year, altho' our photographers may get unlisted phone numbers to avoid 6:30 calls!

# FACULTY HIGHLIGHTS

Last year, **Dr. Paul Franke,** professor of philosophy, received the ODK Excellence in Teaching Award. As students examine issues ranging from classical philosophy to contemporary ethical questions in his classes, he tries to make abstract ideas more understandable and practical. His intense method of teaching not only interests students in the subject matter, but encourages them to think philosophically. Currently, he is doing research in business ethics for a course in the M.B.A. program. During interim of 1983, Franke and his wife, Dr. Barbara Lester, taught a course on the prison system and prison reform. He spent his sabbatical in 1981-82 at Boston University examining the philosophy of science. In the summer of 1972, he and Dr. Earl Gosset lived in Yugloslavia and studied the history of its political system. They also researched Yugloslavia's cultural and philosophical traditions and the way in which this Western-oriented Marxist country functioned.

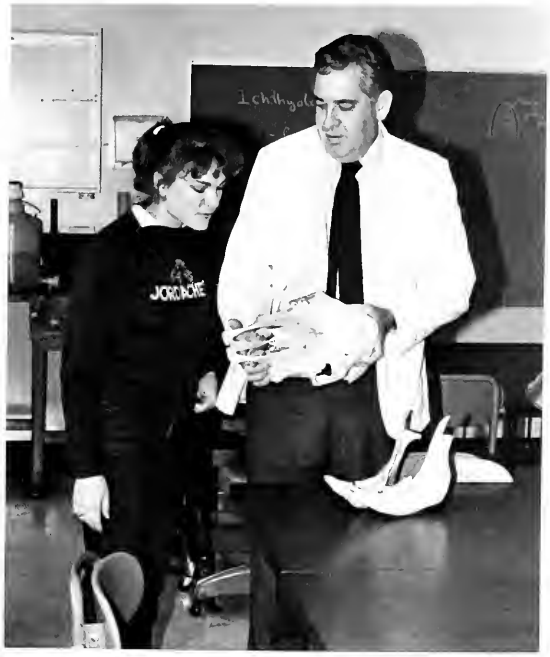
Dr. Franke's interests extend beyond the academic field. He is a minister in the United Methoidst Church and sings in the choir at Caunterbury U.M.C. He also performed in **Fantastics,** a musical done at his church. Listening to classical music and engaging in good conversation are among his favorite pastimes. He enjoys cooking and makes excellent lasagna and salads. When time permits, he likes to work with wood, especially building furniture. One of the most important things to Franke is being able to work with individuals and communicate new and exciting ideas to them. By incorporating this skill into his method of teaching, Franke is able to present philosophical ideas in an enjoyable and fascinating way.

**Dr. Byron Chew** is a relatively new face in the recently expanding Business Administration and Economics Department. He joined the faculty in 1980 as the Monaghan Professor of Management. When he is not training students to enter the complex and competitive business world, Dr. Chew spends some time in the political arena. He currently holds a seat on the Vestavia City Council.

**Dr. David Fraley** specializes in European history, particularly nineteenth century Germany. He has travelled extensively in Western Europe. He has even been mistaken for a German by a native German. When he is not expounding on the wonders of the past, he has time to enjoy the music of Al Stewart and help Dr. Sam Stayer with an Interim trip to Charleston. Students return from this trip with many stories about Dr. Fraley's active, but very dry (blow the dust away) wit. It seems He also knows just which wine to choose for any occasion.

**Ann Hamilton,** Reference/Media Librarian, frequently comes to the aid of distressed students desperately seeking information for papers the day before they are due. She spends much of her time familiarzing students with the different opportunities the library has to offer. Her professional interests include serving as secretary of the Alabama Library Association and studying at Emory University in 1981 during her sabbatical with the assistance of the Mellon Foundation grant. In addition to her vocational activities, she is the Chancellor of the Exchequer, Genus Loci, a Sherlock Holmes Group. Ann is deeply concerned about current social issues. She is a member of the faculty advisory committee for Christians for Social Justice and is treasurer of the Birmingham Committee in Solidarity with Central America. In December, 1982, she went to Honduras to observe the El Salvador refugee camps. Because of her vast knowledge of the library and keen interest in humanity, Ann is a vital part of our college community.

**Dr. Nancy Campbell-Goymer,** assistant professor of psychology, is known among 'Southern students for her enthusiastic personality and concern for the individual. She received her undergraduate degree from Florida State University and master's degree and Doctorate of Psychology at the University of Alabama. Nancy served her Clinical Psychology Internship at the University of North Carolina at Chapel Hill. Not only is Nancy an excellent professor, but she is also an involved member of the college and surrounding communities. She is co-sponsor of Psi Chi, psychology honorary, vice-president of the campus chapter of Phi Beta Kappa, and has many study skills workshops on campus. Recently, Nancy had an article entitled "Academic Contracting with Emotionally Disturbed Children" published in **Psychological Reports.** She serves in the Jefferson County Child Abuse Task Force. Nancy is also a member of the American, Southeastern, and Alabama Psychological Associations. Students agree that Dr. Nancy Campbell-Goymer teaches psychology in a challenging and interesting way and offers them both her knowledge and friendship.



Many 'Southern students describe **Dr. Dan C. Holliman,** professor of biology, as a "teddy-bear." Dr. Holliman combines his kindness with dry wit and subtle humor to make his classes entertaining, as well as interesting; however, his students often suffer severe shock after taking his first test. Outside of class, he enjoys outdoor activities, especially fishing. Each summer Dr. Holliman works at a sea lab in Dauphin Island, Alabama. For 1982-83 he received grants from the U.S. Fish and Wildlife Service and Coastal Area Board of Alabama. In addition to his "wildlife" interests, he likes reading Henry David Thoreau and serves as director of the interim term. When asked what made him an individual at BSC, Dr. Holliman, true to his character, replied, "My students."

**Dr. Stewart A. Jackson,** also known as chaplain and director of counseling services, adds a special dimension to campus life at Birmingham-Southern College. He received his undergraduate degree at Auburn University and his Master of Divinity and Doctorate of Ministry at Emory University. In addition to giving of his time and himself to the college, he shares his family and many talents. Frequently, Stewart gives students the opportunity to stay with his two daughters and son for an evening. People continue to be thrilled by his infamous frog imitation. He rejects traditional and popular music and listens to the Prairie Home Companion, a comedy program filled with music for shy persons. "I Wish that I Was Twins so I Could Love You Twice as Much" and "Grandma Got Ran Over by a Reindeer" are Stewart's favorite songs. Dining with Mohammed Ali and watching **Rocky Horror** with the Wesley Fellowship are his most memorable experiences. Stewart's hobbies include weightlifting, reading Woody Allen, and killing insects that live in the chapel. Though he is called many things, **chappie** is his favorite nickname. These unique characteristics, along with Stewart's interest in students, make him a favorite at BSC.

# JAMES HARMON NAMED NAIA ALL-AMERICAN

James Harmon, a 6-foot-6 forward for Birmingham-Southern College, has been named to the NAIA All-America basketball team. Harmon, a senior from Goodwater, is the first B-SC basketball player to receive first-team honors. In 1980-81, James Henderson received Honorable Mention.

To become eligible for All-America voting, Harmon was first chosen as a member of the All-District 27. He was also a unanimous choice for the All-Southern States Conference team.

During the 12-week season, Harmon was named Player-of-the-Week in the Southern States Conference three times and received Honorable Mention five times. He led the conference in the rebounding category with 287 for a 9.6 average and was third in individual scoring with 566 total points for an 18.9 average.

In the Panthers' 30-game season, Harmon was teams' high scorer 21 times and top rebounder 20 times. He also led the team with 31 blocked shots. Harmon broke three B-SC records with 866 career rebounds, 237 field goals in a single season and 550 career field goals.

Names to the All-Tournament team at the Eau Claire (Wis.) Blugold Classic, Harmon was also voted Most Valuable Player of the B-SC Invitational Tournament. His highest-scoring game for the 1982-83 season was against Stillman College when he had 12 field goals and nine free throws for 33 points.

The Panthers have won 68 percent of their games since Harmon's arrival in 1979. The record, including a 22-8 season this year, is 95-40 for an average 21 victories each year. Since Harmon's arrival, B-SC has consistently been nationally ranked and competed in the 1982 NAIA national tournament.

Dimensions. Life at 'Southern has many. As we look around we see artists, educators, scientists, historians, linguists, theologians, athletes, and business people. Here, too, we find the peace of the solitude and the happiness of laughing with friends. The diversity goes much deeper, though . . . to the very heart of each of us as we experience the joy, pain, sorrow and excitement of life. Each of us has brought some dimension to life here; and each of us, in some way, reflects the facets that others have brought with them. In this way, as we live, work, play, and learn together, we grow richer and more complete as individuals.
